Memory Marks	A fingerprint is the mark of an individual. A Memory Mark captures the spirit of an individual forever. Created in gold and silver from the impression of your loved one's thumbprint, foot or hand prints, Memory Marks can be kept close to you, when worn as pendants, rings and charms.
Memory Glass	On a nightstand, a mantle or in a quiet peaceful spot, our blown glass remembrances float with lightness and grace. Our artists incorporate a small amount of cremated ash in their work and the result is a suspension of your memory in color, grace and light.
Memory Gems	A diamond is as eternal as a memory. Imagine gazing at the beauty and fire of a diamond created from the carbon of your loved one. Our diamonds are molecularly identical to natural diamonds with the same brilliance, fire, and hardness and can be set in a wide assortment of beautiful rings and pendants.
Memory Keep	When worn, these simple, elegant gold and silver pieces are ever present reminders of the person you love. Some of our jewelry is designed to carry a discrete lock of hair or a tiny bit of cremated remains as a permanent memory that warms your skin and heart.
